This addendum is issued to revise the Original Request for Proposal, advertised date April 27, 2006 as follows:

1. The proposal due date has been extended to, Thursday, June 22, at 2:00 PM exactly.
2. Answers to vendor Questions:

**Q1: What is the indexing structure for identification of the existing vox files?**

A1: KCM will provide, to the selected vendor, machine-readable associations between existing vox files and their associated content and usage during the design phase of the implementation.

**Q2: Please provide an overview of the IVR system's administrator roles and tasks during data integration including what type of data is being modified. For example some tasks might be:**

- Turning on / off routes
- Turning on / off departures
- Changing departures times
- Etc

A2: Proposer should use Part C, Section 2, "2.2.8. Detail Views and Updates," "b. Updates (SD)" to specify the proposed system's administrative capabilities with respect to transit data manipulation, especially any that are not documented elsewhere in the proposal.
